1. Aims

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which disabled pupils can participate in the curriculum
- Improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to disabled pupils

Our school aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

The Federation of Bishop Sutton & Stanton Drew Primary Schools is a mainstream, inclusive Federation, and we welcome, value and respect the achievements of all children.

SEND (Special Educational Needs and Disability) covers a range of different needs, including learning, speech and language, communication, social, emotional, mental health, motor skills, sensory, physical. Some children may have one specific difficulty or disability, a combination of more than one, or a range of needs. These difficulties can make it harder for them to learn than other children of the same age.

At Bishop Sutton & Stanton Drew we recognise that there are a number of pupils for whom specialist intervention and support may be required.

The plan will be made available online on the school website, and paper copies are available upon request.

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The school supports any available partnerships to develop and implement the plan.

See also the LSP and the Federation Strategic Plan as well as LSP and the Federation SEND reports and policies (all documents available on each website).

Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, the complaints procedure sets out the process for raising these concerns.

We have included a range of stakeholders in the development of this accessibility plan, including children, parents, staff and governors.

2. Legislation and guidance

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if they have a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on their ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

3. Action plan

This action plan sets out the aims of our accessibility plan in accordance with the Equality Act 2010.

Access to Buildings and Classrooms

In the main, all areas of the school are accessible by all children and their parents. These areas are detailed below.

Building / Area	Features
Bishop Sutton	
Bishop Sutton Classrooms	All classrooms have either flat or ramped entrances. There is the provision of 2 disabled toilets – one in the old building by the hall and one in the new building. Corridors are wide enough for wheel chairs to be used. There is lift access to the 5 classrooms in the new building from the lower playground or hall area.
Bishop Sutton Old Building	There is no wheelchair access to the 1 st storey in the old building.
Bishop Sutton Hall	Access is flat and double doors are wide.
Bishop Sutton Playgrounds	There is ramped access.
Bishop Sutton Field	This area is available for all pupils and can be accessed without using steps.
Bishop Sutton Conservation Area	This area can be accessed without using steps.
Parking	There is a disabled parking bay at the front of the school.
Stanton Drew	
Stanton Drew Classrooms	There are steps to the front entrance and a single step to the back entrance to Chinchillas class. Ramps would need to be fitted for wheelchair access to Meerkats class (YR, Y1 & Y2) and Chinchillas class (Y3/4) There is no disabled toilet.
Stanton Drew Playgrounds	There is ramped access.
Parking	There is a minibus parking bay at the front of the school which, if needed, could be used as disabled parking bay for easier access. However it should be noted that the SD main entrance is accessed via a pebbled/gravel drive and access to the gate at the front of the school is via a large single step. Ramp access here is not possible as the step leads directly into the road.
